# About THE TOURS

## **Roma Barocca**

A stroll through the streets and alleys of the city center to visit the most famous squares, fountains and palaces of the baroque art. From the Spanish Steps to the spectacular Trevi Fountain, on to the amazing architecture of the Pantheon, and the lively atmosphere of Piazza Navona, with the Fountain of the Four Rivers by Bernini.

## **Colosseo, Fori Imperiali and Campidoglio**

The Flavian Amphitheater, better known as the Colosseum is among the most popular sites in Rome and one of the most visited sites in the world. Completed in 80 A.D., and able to accommodate up to 50,000 spectators, the Colosseum is an iconic symbol of the Roman Empire, was used for gladiatorial combat until 435 A.D.

The Colosseum Archaeological Park also includes the Roman Forum located on the slopes of the Capitol, Palatine and Esquiline. In it we find the most significant testimonies of the political and religious history of the ancient city. Along the Via Sacra took place the triumphal processions granted by the Senate to those generals who had distinguished themselves during the military campaigns.

The Piazza del Campidoglio, paved at the end of the 7th century BC, became the heart of public life in the city for over a millennium.
